Noting with satisfaction the renewed attention to the catastrophic humanitarian consequences and risks associated with nuclear weapons that has been generated by the international community since 2010 and the growing awareness that these concerns should underpin the need for nuclear disarmament and the urgency of achieving and maintaining a nuclear-weapon-free world, and noting with satisfaction also the prominence accorded to the humanitarian impact of nuclear weapons in multilateral disarmament forums,

Recalling the discussions held at the Conferences on the Humanitarian Impact of Nuclear Weapons, hosted by Norway, on 4 and 5 March 2013, Mexico, on 13 and 14 February 2014, and Austria, on 8 and 9 December 2014, aimed at understanding and developing a greater awareness of the catastrophic consequences of nuclear weapon detonations which further reinforce the urgency of nuclear disarmament,

Emphasizing the compelling evidence, including that presented at the Conferences on the Humanitarian Impact of Nuclear Weapons, that has detailed the catastrophic consequences that would result from any nuclear weapon detonation, reaching well beyond national borders and also imperilling the achievement of the Sustainable Development Goals,³ the lack of capacity of States and international organizations to deal with the aftermath and the risk of an occurrence, including an occurrence due to an accident, systems failure or human error,

Noting the strongly disproportionate and gendered impact of exposure to ionizing radiation for women and girls,

Welcoming the entry into force on 22 January 2021 of the Treaty on the Prohibition of Nuclear Weapons, negotiated and adopted by the United Nations conference to negotiate a legally binding instrument to prohibit nuclear weapons, leading towards their total elimination, pursuant to resolution [71/258](#) of 23 December 2016,⁴

Welcoming also the commemoration and promotion of 26 September as the International Day for the Total Elimination of Nuclear Weapons, as established by resolution [68/32](#) of 5 December 2013,

Underlining the importance of nuclear disarmament and non-proliferation education,

Reaffirming that nuclear disarmament and nuclear non-proliferation are mutually reinforcing processes requiring urgent irreversible progress on both fronts,

Recalling the decisions and the resolution adopted at the 1995 Review and Extension Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons,⁵ the basis upon which the Treaty was indefinitely extended, and the Final Documents of the 2000⁶ and the 2010⁷ Review Conferences of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons, and in particular the unequivocal undertaking by the nuclear-weapon States to accomplish the total elimination of their

nuclear arsenals, leading to nuclear disarmament, in accordance with commitments made under article VI of the Treaty,

Reaffirming that transparency, verifiability and irreversibility are cardinal principles applying to nuclear disarmament and nuclear non-proliferation, and reaffirming also the commitment of all States parties to the Treaty on the Non-Proliferation of Nuclear Weapons⁸ to applying these principles in relation to the implementation of their treaty obligations,

Recalling the twenty-fifth anniversary of the opening for signature of the Comprehensive Nuclear-Test-Ban Treaty⁹ and the continued vital importance of its entry into force to the advancement of nuclear disarmament and nuclear non-proliferation objectives,

Recalling also that the total elimination of nuclear weapons is the only absolute guarantee against the use or threat of use of nuclear weapons and the legitimate interest of non-nuclear-weapon States in receiving unequivocal and legally binding negative security assurances from nuclear-weapon States pending the total elimination of nuclear weapons,

Reaffirming the conviction that, pending the total elimination of nuclear weapons, the establishment and maintenance of nuclear-weapon-free zones enhances global and regional peace and security, strengthens the nuclear non-proliferation regime and contributes towards realizing the objectives of nuclear disarmament, and welcoming the Conferences of States Parties and Signatories to Treaties that Establish Nuclear-Weapon-Free Zones and Mongolia,

Urging States to continue to make real progress towards strengthening all existing nuclear-weapon-free zones, inter alia, through the ratification of existing treaties and relevant protocols and the withdrawal or revision of any reservations or interpretative declarations contrary to the object and purpose of the treaties establishing such zones,

Recalling the encouragement expressed at the 2010 Review Conference for the establishment of further nuclear-weapon-free zones, on the basis of arrangements freely arrived at among the States of the region concerned, reaffirming the expectation that this will be followed by concerted international efforts to create such zones in areas where they do not currently exist, especially in the Middle East, in this context noting with deep disappointment the non-fulfilment of the agreement at the 2010 Review Conference on practical steps to fully implement the 1995 resolution on the Middle East, and disappointed that no agreement could be reached at the 2015 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons on this issue,

Recalling also its decision 73/546 of 22 December 2018, in which it decided to entrust to the Secretary-General the convening of a conference aimed at elaborating a treaty on the establishment of a Middle East zone free of nuclear weapons and all other weapons of mass destruction, on the basis of arrangements freely arrived at by the States of the region, and encouraged by the outcomes of the first session of the conference, which was successfully convened in 2019,

Deeply disappointed at the continued absence of progress towards multilateral nuclear disarmament at the Conference on Disarmament, which has been unable for the past 25 years to agree upon and implement a programme of work, and

disappointed that the Disarmament Commission has not produced a substantive outcome on nuclear disarmament since 1999,

Deeply regretting the lack of any substantive outcome of the 2015 Review Conference, as it missed an opportunity to strengthen the Treaty on the Non-Proliferation of Nuclear Weapons, enhance progress towards its full implementation and universality and monitor the implementation of commitments made and actions agreed upon at the 1995, 2000 and 2010 Review Conferences, and deeply concerned about the impact of this failure on the Treaty and the balance between its three pillars,

Noting with serious concern the rising tensions in international relations and the increased prominence being given by some States to nuclear weapons in their security doctrines, as well as the extensive modernization programmes under way, all of which contribute to the erosion of the disarmament and non-proliferation regime,

Noting with regret that, owing to the coronavirus disease (COVID-19) pandemic, the 2020 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons had to be postponed, emphasizing the importance of holding a constructive, comprehensive and successful meeting that results in a substantive outcome at the 2020 Review Conference, urging all Member States to step up their efforts in this regard, and emphasizing also the vital importance of ensuring that the 2020 Review Conference contributes to the strengthening of the Treaty on the Non-Proliferation of Nuclear Weapons and making progress towards achieving its full implementation and universality, and monitors the implementation of commitments made and actions agreed upon at the 1995, 2000 and 2010 Review Conferences,

Welcoming that the Russian Federation and the United States of America have agreed on a five-year extension, to 4 February 2026, of the Treaty on Measures for the Further Reduction and Limitation of Strategic Offensive Arms, while re-emphasizing the encouragement of the 2000 and 2010 Review Conferences to both States to continue discussions on follow-on measures in order to achieve deeper reductions in their nuclear arsenals, and urging in this regard both States to conclude negotiations on a successor agreement as soon as possible,

1. *Reiterates* that each article of the Treaty on the Non-Proliferation of Nuclear Weapons is binding on the States parties at all times and in all circumstances and that all States parties should be held fully accountable with respect to strict compliance with their obligations under the Treaty, and calls upon all States parties to comply fully with all decisions, resolutions and commitments made at the 1995, 2000 and 2010 Review Conferences;

2. *Also reiterates* the deep concern expressed by the 2010 Review Conference of the Parties to the Treaty on the Non-Proliferation of Nuclear Weapons at the catastrophic humanitarian consequences of any use of nuclear weapons, and the need for all States at all times to comply with applicable international law, including international humanitarian law;
